Note to the Requester:

The County-District-School (CDS) code system is an administrative convenience designed to provide the California Department of Education (CDE), the Department of Finance, and post-secondary institutions with a basis for tracking **schools**. The CDS code is a unique identifier that allows schools to be easily sorted and tracked in databases.

A CDS Code is a number assigned to a school. CDS codes are not assigned to programs.

Evidence that the entity for which a CDS code is sought is a school and not a program is the governing board action approving *formation* of the school and board action *establishing* the school. Governing boards can act only by a majority vote at a public meeting (*Education Code* §§ 1011, 1013, 1040, 35163, 35164; *Government Code* § 54950 and following (the Brown Act)).
